**WORK EXEMPT**

from

**APPROVALS – PERMITS – INSPECTIONS**

as defined in the

**2019 Residential Code of Ohio (RCO)**

RCO Section 102.10 indicates that certain work is exempt from approval, as follows:

**BUILDING**

- One-story detached accessory structures provided the floor area does not exceed 200 square feet.
- Fences not over 6-feet high.
- Retaining walls that are not over 4-feet in height, measured from the bottom of the footing to the top of the wall.
- Water tanks supported directly on-grade, if the capacity does not exceed 5000 gallons and the ratio of height to width does not exceed 2:1.
- Sidewalks not more than 30 inches above adjacent grade and not over any basement or story below and which are not apart of an accessible route.
- Painting, papering, tiling, carpeting, cabinets, counter-tops and similar type work.
- Swings and other playground equipment, accessory to a one, two or three family dwelling.
- Window awnings supported by an exterior wall which do not project more than 54 inches from the exterior wall and do not require additional support.
- Decks not exceeding 200 square feet in area that are not more than 30 inches above grade at any point, are not attached to the dwelling, and do not serve an exit door.

**ELECTRICAL**

- Listed cord and plug connected temporary decorative lighting.
- Reinstallation of plug receptacles and switches.
- Replacement of branch circuit overcurrent devices of the required capacity and type in the same location.
- Electrical wiring, devices, appliances, apparatus, or equipment operating at less than 25 volts and not capable of supplying more than 50 watts of energy.
- Repairs and Maintenance: Approval shall not be required for minor repair work, including replacements of lamps or the connection of approved portable electrical equipment to approved permanently installed receptacles.

## **FUEL GAS**

- Portable heating, cooking or clothes drying appliances.
- Replacement of any minor part that does not alter approval of equipment or make such equipment unsafe.
- Portable fuel cell appliances that are not connected to a fixed piping system and are not interconnected to a power grid.
- Gas distribution piping owned and maintained by public or municipal utilities and located upstream of the point of delivery.

## **MECHANICAL**

- Portable heating appliances.
- Portable ventilation equipment.
- Portable cooling units.
- Steam, hot or chilled water piping within any heating or cooling equipment regulated by this code.
- Replacement of any minor part that does not alter approval of equipment or make such equipment unsafe.
- Portable evaporative cooler.
- Self-contained refrigeration systems containing ten pounds or less of refrigerant or that are actuated by motors of 1-horsepower or less.
- Portable fuel cell appliances that are not connected to a fixed piping system and are not interconnected to a power grid.
- Heating and cooling distribution piping owned and maintained by public or municipal utilities.

## **PLUMBING**

- The repair of leaks in drains, water, soil, waste or vent pipes; provided, however, that if any concealed trap, drain pipe, water, soil, waste or vent pipe becomes defective and it becomes necessary to remove and replace the same with new material, such work shall be considered as new work and an approval shall be obtained and inspection made as provided in this code.
- The clearance of stoppages or the repair of leaks in pipes, valves or fixtures, and the removal and reinstallation of water closets, provided such repairs do not involve or require the replacement or rearrangement of valves, pipes or fixtures.

## **EMERGENCY REPAIRS per RCO 102.10.1**

- Where equipment replacements and repairs must be performed in an emergency situation, an application for approval shall be submitted within the next working business day to the Building Official.

## **MINOR REPAIRS per RCO 102.10.2**

- Minor repairs may be made to structures without application or notice to the building official. Such repairs shall not include the cutting away of any wall, partition or portion thereof, the removal or cutting of any structural beam or load bearing support, or the removal or change of any required means of egress, or rearrangement of parts of a structure affecting the egress requirements; nor shall ordinary repairs include addition to, alteration of, replacement or relocation of any standpipe, water supply, sewer, drainage, drain leader, gas, soil, waste, vent or similar piping, electric wiring or mechanical or other work affecting public health or general safety.
