PUBLIC HEARING – AMENDMENT TO THE PORTAGE COUNTY SUBDIVISION REGULATIONS

The review team met in October and discussed minor changes and the public hearing was advertised 35 business days before the December 14, 2022 Regional Planning Commission meeting.

Todd said the amendments needed to be acted on by the Commissioners before Regional Planning acts on it.

Todd said the changes proposed are minor and asked the board if they wanted to go through the proposed changes now or to table it until no later than February 2023. Todd recommended that we table it until January 9, 2023 or no later than February 8, 2023.

A motion was made by J. Paulus to table the public hearing until February 8, 2023. Motion seconded by S. Christian-Bennett. Motion carried with 22 Yeas.

APPROVAL OF NOVEMBER 9, 2022, MEETING MINUTES

The November 9, 2022 minutes were presented. R. Patrick made a motion to approve the minutes as presented. Motion seconded by R. Gano. Motion carried with 22 Yeas.

SUBDIVISIONS

Replat of Sublots 7 – 8 in "Ravenna Building Company Allotment No. 2" on Sandy Lake Road and Muzzy Avenue, Lot 20 in Rootstown Township, David Koszalka, applicant – Report presented by Gail Gifford

The applicant is requesting approval of combining sublots 5-R, 7 and 8 to create one lot.

The Replat is in Rootstown Township south of Sandy Lake Road and east of Muzzy Avenue near Muzzy Lake.

The site is zoned Residential Village (R-V).

Sublot 5-R2 has a house and shed on it.

There are no wetlands or hydric soils located on the site and the FEMA Flood Insurance Rate Map does not show any flood hazard areas on the site.

Sublot 5-R2 meets Rootstown Township lot size requirements; however, there is a non-conforming accessory structure located on the property. In Rootstown Township accessory structures must be setback from the side property line 3-10 feet depending on the size of the structure. The Rootstown Township Zoning Inspector has reviewed and approved the Replat.

Staff recommends approval of the Replat. A motion was made by J. Paulus to follow staff recommendation. Motion seconded by M. Hlad. Motion carries with 22 Yeas.

Replat of Lot 16 in the "Wygle Subdivision" on Diver Road, Lot 17 in Deerfield Township, Jennifer Jones, applicant – Report presented by Gail Gifford

The applicant is requesting approval to combine four lots into one lot, creating lot 16-R for the purpose of finalizing probate. Wygle Subdivision was first platted in 1954.

The Replat is west of Bertlin Lake and south of US 224 off Diver Road.

There is no zoning in Deerfield Township.

Lot 16-R has a house and garage on it.

Berlin Lake was authorized by Congress in 1938 and completed in 1943. It provides flood protection for the Mahoning River Valley as well as the Beaver and Upper Ohio Rivers. In addition to the lands acquired and owed by USACE, flowage easements were obtained on surrounding private lands to allow for the temporary overflow, flooding or submerging of that land with the express purpose of providing adequate storage for flood waters. Lot 16-R contains parts of two flowage easements.

The FEMA Flood Insurance Rate Map shows Flood Zone A covering approximately half of Lot 16-R. Flood Zone A is the 100-year floodplain which has a 1% annual chance of flooding.

The flowage easement covering part of Wygle Subdivision, including proposed Lot 16-R was not shown on the original Plat and is not currently shown on the Tax Maps. In an effort to correct this and ensure that the flowage easements and boundaries of USACE projects are preserved, USACE sent a letter on June 27, 2022 to the County Commissioners and Regional Planning requesting to be notified when planned subdivisions, land development or building permits are issued adjacent to federally owned lands.

Staff reached out to USACE concerning the flowage easement and they have requested that the flowage easement to be shown on the Replat.

Staff recommends approval of the Replat. The landowner may be contacted by USACE in the future with information about the easement.

L. Jenkins stated that the flowage easement is based on an elevation of 1034. As easements go on Plats, they are generally somehow defined rather than by GIS. L. Jenkins asked if we could suggest the easement be plotted based on the elevation from the flowage easement back in the 30's so that it would be at the 1034 elevation?

Gail stated that when the surveyor added the flowage easement onto the Replat it was sent to the USACE for any comments and as of today we have not received a response.

L. Jenkins stated that when easements are put onto the Plat, we like to actually make them reproduceable in the field and that will not be reproduceable in the field unless we have it shown on the Replat. L. Jenkins recommended approval of the Replat and recommended the flowage easement be properly shown on the Replat.

L. Jenkins recommends conditional approval of the replat and recommends the flowage easement be shown based on an elevation of 1034. Motion seconded by J. Paulus. Motion carried with 22 Yeas.

Replat of Sublots 98 & 99 in Part 3 of "Ranch Club Estates" on Bubbling Wells Lane, Lots 39 & 40 in Ravenna Township and Lot 54 in Charlestown Township, Dan and Cyntiha Lintz, applicant – Report presented Gail Gifford

The applicant is requesting approval to combining two sublots in Ranch Club Estates and an unplatted lot to create one lot, Sublot 98-R. This lot is being created for the purpose of building a single-family home.

After the Replat, the owners plan on splitting out another lot from the larger parcel through the subdivision Exemption process.

The Replat is located south of McCormick Road off Bubbling Wells Lane in Ravenna Township and Charlestown Township east of the West Branch of the Mahoning River.

The site is being evaluated for a septic system.

The applicant has discussed the Replat with the Ravenna and Charlestown Township zoning inspectors including the shared driveway. Both Township Zoning Inspectors have reviewed and approved the Replat.

Sublot 98-R has hydric soils and steep slopes. The FEMA Flood Insurance Rate Map does not show any flood hazard areas on the site. The Portage County Wetlands Inventory shows potential wetlands on the site near the road frontage. The wetlands are located along the course of an intermittent stream which is an unnamed tributary to the West Branch of the Mahoning River.

Staff recommends approval of the Replat as submitted. A motion was made by S. Christian-Bennett to follow staff recommendation. Motion seconded by J. Paulus. Motion carried with 22 Yeas.

Replat of Sublot 8-R of "Hilltop Acres" on Hilltop Drive, Lot 59 in Brimfield Township, Lisa and Michael Douvikas, applicant – Report presented by Gail Gifford

By splitting the lot, the home on Sublot 8R-A will be splitting out their sewer lateral. It is possible that the location of the lateral will make Sublot 8R-B difficult to build on; however, an easement has been added to the survey to mark the location. The applicant has requested an extension of time to allow sufficient time to determine whether or not they want to move forward with the Replat.

A motion was made by R. Patrick to approve an extension of time until February 8, 2023. Motion seconded by M. Hlad. Motion carried with 22 Yeas.

Preliminary Plan of "Wingfoot Lake Development" on State Route 43, Lot 29 in Suffield Township, Wingfoot Development, LLC., applicant

A motion was made by R. Kotkowski to accept the preliminary plan for review. Motion seconded by D. Kemble. Motion carried 22 Yeas.

ZONING

<u>Shalersville Township Text Amendment</u> – Report presented by Todd Peetz

Amendment No. 1

Shalersville Township is proposing to limit where residential developments can be located. There is concern that the planned residential densities are not compatible within the AR/R and L-R zoning districts. Planned Residential Developments are still permitted in zoning districts that have water and sewer availability. In

the AR/R or R-1 zoning districts an applicant can request a zoning change if public water and sewer is available. The following is proposed under Section 311-L (Agriculture Rural Residential) (AR/R):

Article III, Zoning District
Agricultural/Rural-Residential

Section 311-L (Conditional Use Permits)

Planned Residential Developments (Article VI, Section 640)

Staff recommends approval of the amendment as proposed.

Amendment No. 2

Shalersville Township is proposing the following under Section 321-L:

Article III, Zoning District
Agricultural/Rural-Residential

Section 321-L (Conditional Use Permits)

Planned Residential Developments (Article VI, Section 640)

Staff recommends approval of the amendment as proposed.

A motion was made by R. Kotkowski to approve Amendment No. 1 and 2 as presented. Motion seconded by S. Christian-Bennett. Motion carried with 22 Yeas.

Rootstown Township Text Amendment – Report presented by Todd Peetz

Section 350.12 regulates solid waste in commercial districts and Section 370.10 regulates solid waste in industrial districts. Rootstown Township is proposing to add a reference to the ORC in order to clarify what is considered to be solid waste and would like to specify discarded materials as opposed to excess materials.

The following is proposed under Section 350.12:

<u>Waste Matter:</u> Solid waste, AS DEFINED IN ORC SECTION 3734.01 AS AMENDED including empty packing crates and other excess DISCARDED materials shall not be allowed to accumulate on a lot and shall be disposed of on a regular basis. Liquid wastes shall only be disposed of in appropriate containers and removed from the site on a regular basis.

Staff recommends approval of the proposed amendment. A motion was made by J. Paulus to follow staff recommendation. Motion seconded by S. Christian-Bennett. Motion carried with 22 Yeas.

Ravenna Township Rezoning from Residential, Medium Density to Commercial/Residential, 3794 Summit Road, Bisirri Commercial Properties, applicant – Report presented by Todd Peetz

The proposed change is to change the zoning map from R-M, Medium Density Residential to C-R, Commercial Residential. The proposed amendment consists of .08 acres however, it appears the zoning

map does not follow property lines and staff is recommending the amendment be modified to recognize property lines and match residential with the non-residential use. The request for R-M from C-R is located in rear lots of existing residential homes/duplexes on the south side of Summit Road and the house located on Herriff Road.

The proposed zoning change is to show the residential parcels as Residential, Medium Density and to properly designate the Bisirri property as an existing non-residential property in the C-R zoning district. Retail is a permitted use in the C-R zoning district, but sales of lawn care equipment is not specifically listed. Being an existing use, it would be grandfathered in.

Staff believes the whole area should be addressed to resolve any future inconsistencies.

Staff recommends approval of the proposed amendment with the change noted in the report. A motion was made by J. Paulus to follow staff recommendation. Motion seconded by R. Gano. Motion carried with 22 Yeas.

APPLICANT: Wingfoot Lake Development, LLC

1225 Waterloo Road Mogadore, OH 44260

REQUESTED ACTION:

The applicant requests a review of the preliminary plan for Wingfoot Lake Development, a proposed residential subdivision in Suffield Township. The preliminary plan proposes 42 single-family lots and two new residential streets off State Route 43.

HISTORY: This site was a farm for many decades.

SIZE: Exhibit 1 (Preliminary Plan)

Area in lots 81.59 acres
ROW Dedication 3 (estimated)
Undeveloped 48.59 acres
Designated Open Space 14.965 acres
Total (estimated) 133.18 acres

Portage County Open Space 5% ≈ 6.659 acres

Requirement

ZONING: Existing: The site is zoned R-1 Low Density Residential. The table below shows

zoning requirements based on the proposed construction of single-family homes.

R-1 Requirements

•	
Minimum Lot Area	1.5 acres
Minimum Lot Width	150 feet
Minimum Lot Frontage	150 feet
Minimum Lot Frontage on a Cul-de-Sac	60 feet
Front Setback	50 feet
Rear Setback	50 feet
Maximum Building Height	35 Feet
Maximum Lot Width to Depth Ratio	4.5x width at front setback
•	line unless over 5 acres

COMMENTS FROM OTHER DEPARTMENTS & AGENCIES:

Township: Approval:

The township is supportive of the proposed development. The trustee's request that the roads be curb and gutter.

Building Department / Floodplain Administration: Approval

County Engineer: Conditional Approval

The Preliminary Plan is eligible for Plan Review. Items that need to be added to Plan Set:

- Trip generation had been submitted and is acceptable. No traffic impact study is required.
- Wetlands need to be clearly delineated on the Preliminary Plan and Subdivision plat.
- Subdivision Plat submission needs to follow the Portage County Subdivision Regulations for procedures for Subdivision Approval.

Health Dept.: Approval. Health District will need a written consultation from the Ohio EPA.

Soil and Water Conservation Dist.: Approval

Tax Map: Approval

Water Resources Dept.: No comment received

Utilities: No comment received

Portage Park District: No comment received

COMPLIANCE WITH COUNTY SUBDIVISION REGULATIONS:

The following changes must be made or addressed before platting in order to comply with subdivision regulations:

- 303.2 B Township lot numbers are missing. The lot numbers must be in the title block on the plat.
- Names, addresses, and phone numbers of the owners, developers, and/or professional engineer or surveyor who prepared the plan are required on preliminary plans along with registration numbers and seals.
- 303.2 F Total acreage of the subdivision is missing from the plan.
- 303.2 M Proposed names of streets are missing.
- 303.2 N Missing lot dimensions.
- 303.2 O Missing lot dimensions.
- 303.2 U Missing geometry including segment lengths, curve data, and intersection angles.
- 303.3 D Proposed restrictions and covenants will need to be submitted at the time of plat including any proposed for the HOA.
- 304.5 Before any plat can be approved within 300 feet of a highway or 500 feet of a highway intersection, it must be submitted to the State Department of Transportation. This must be done before plat approval.

305.3 F Wetland delineations should be clearly delineated. At the time of plat, a letter or other document from US Army Corps of Engineers (USACE) concerning wetlands should be submitted. If impacting wetlands, the permit number must be shown on the plat and a copy of the permits or restrictions submitted.

COMPLIANCE WITH TOWNSHIP ZONING REGULATIONS:

Zoning Districts: This site is zoned Low Density Residential (R-1). In addition to requirements specific to the R-1 zoning district, there is a maximum lot width to depth ratio under Article III General Provisions, Section 301.2 Q which applies.

General Regulations Applying to All Districts: Unless a lot is over 5 acres, created as part of a Planned Unit Development (PUD), or is otherwise specified within the Zoning District's regulations, lots in Suffield Township may have a *maximum* depth of 4.5 times the lot width at the front setback line.

ANALYSIS:

The site is the northeast of Wingfoot Lake on the west side of SR 43 and approximately ½ mile south of Waterloo Road in Suffield township. Currently being used as agriculture.

<u>Physical features and limitations</u>: There are wetland areas identified on the survey. A permit from USACE or from Ohio EPA must be submitted with the along with plat. The permit number must be on the plat.

<u>Comments from agencies and departments</u>: A SWPPP must be submitted to the Soil and Water Conservation District before the plat can be approved and construction can begin.

Compliance with subdivision and township zoning regulations:

1. Lots 38 through 40 may need a variance from Article III General Provisions, Section 301.2 Q Lot Width to Depth Ratio. RPC staff will verify with the Township once lot dimensions have been added to the plan.

RECOMMENDATIONS:

The staff recommends conditional approval of the preliminary plan for the Wingfoot Lake Estates Development. The following items must be provided (this is not intended to be all-inclusive list of requirements contained in the Portage County Subdivision Regulations):

RPC staff list (subdivision regulation sections are listed where applicable):

- 303.2 B. Missing township lot number. This can be added to the title block.
- 303.2 C. Names, addresses and phone numbers of the owners, developer, and professional engineer or surveyor who prepared the plan are required on the preliminary plan along with registration numbers and seals.
- 303.2 F. Total Acreage of Subdivision is missing

- 303.2 M. Proposed names of streets
- 303.2 N & Q. Missing lot dimensions
- 303.2 U. Missing geometry including segment lengths, curve data and intersection angles
- May need a variance for lot depth on some lots. RPC needs to confirm.
- Need approval or a conversation with Wingfoot Lake / ODNR about trail
 and access road to state park. Need a conversation with the school district
 about accessing the school from the subdivision RPC will make this a
 condition for approval
- Need formal input from ODOT and the electric company who owns the overhead wires RPC will make this a condition for approval

From the Engineer (recommending conditional approval):

- Wetlands must clearly be delineated on the preliminary plan and subdivision plat
- Trip generation calculation is acceptable. A traffic impact study is not required.
- Subdivision plat submission needs to follow the Portage County Subdivision Regulations for procedures for subdivision approval.

From the Health District (recommending approval):

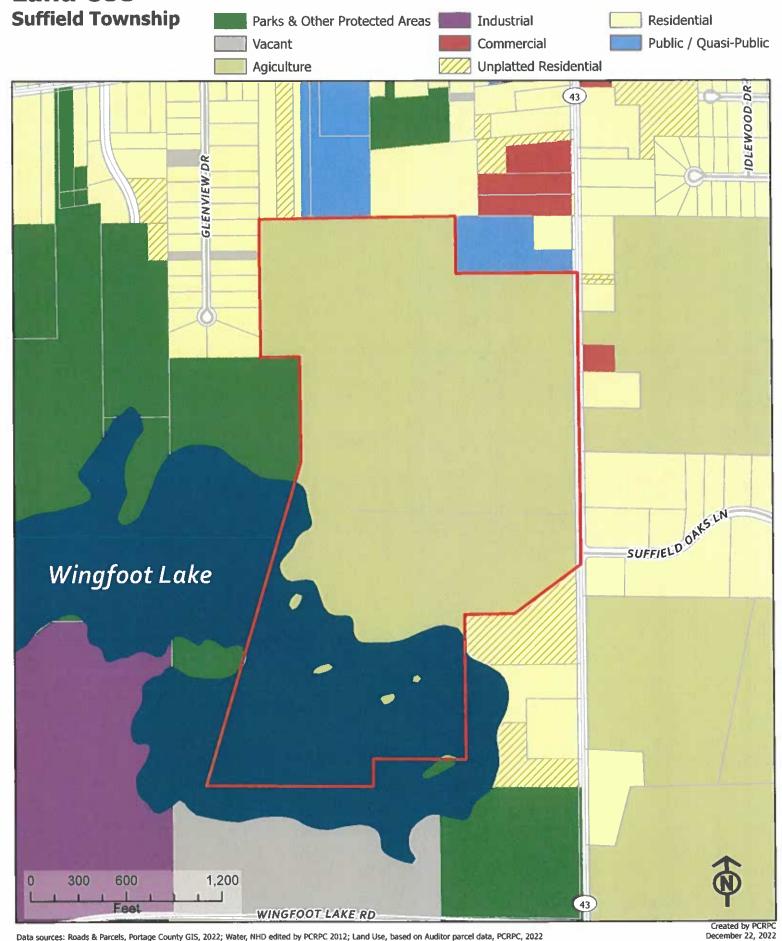

• A written consultation from Ohio EPA is needed in accordance with OAC 3701-29-08 B.6. The OAC section is attached to this email.

These conditions should be met prior to submitting the Plat for review. Staff can schedule a meeting soon and as necessary to discuss progress or completion of the identified conditions.

REPLAT OF SUBLOTS 12 THROUGH 15 IN EAST PARK HEIGHTS ALLOTMENT IN LOT 25 SOUTH IN RAVENNA TOWNSHIP

Case No: 22-50

Reviewed By: Gail Gifford Date Received: 12/13/22

Due: 1/13/23

APPLICANT(S): Kevin Haasz and L & K Capital Holdings

REQUESTED ACTION & HISTORY:

The applicant requests a review of the replat combining sublots 12, 13, 14, and 15 to build a collision center.

LOCATION: Vicinity Map (Exhibit 1)

The replat is north of State Route 59 on the west side of Hazel Street in East Park Heights Allotment. The site is located in Ravenna Township adjacent to the eastern border of Ravenna City.

SIZE & ZONING: (Exhibit 2)

Site Zoning: The site is zoned General Commercial (GC).

	<u>G-C</u>	<u>12R</u>
Min. Lot Size	0.5 acres	0.692 acres
Min. Frontage	60 feet	150 feet
	(Non-residential)	
Min. Lot Width	100 feet	150 feet

LAND USE: Site: Sublot 12R is currently a surface parking lot.

Surrounding: Land uses to the west of the site consist of a mix of commercial, condominiums / multi-family housing and senior housing. North and south of the replat site are commercial buildings. East of the site is a large right-of-way associated with State Route 14 as well as several commercial structures.

UTILITIES: The site is on sanitary sewer through Portage County Water Resources. Water is available to the site through the City of Ravenna.

PHYSICAL LIMITATIONS TO DEVELOPMENT (Exhibit 3):

Soils:

The soils on the replat site according to the Portage County Soil Survey are Canfield silt loam, 2 to 6 percent slopes (CdB). This soil has medium runoff and a moderate hazard of erosion when cultivated. Seasonal wetness and slow permeability may be major limitations for non-farm uses. All areas are considered prime farmland; however, this site has been developed for several decades.

Wetlands: According to the National Wetland Inventory and Portage County Wetland inventory,

there are no wetlands on site.

Flood Hazard: The FEMA Flood Insurance Rate Map, effective date 2009, shows no flood hazard

areas on the site.

MANTUA TOWNSHIP ZONING AMENDMENTS January 2023

Received: December 9, 2022 Meeting Date: January 11, 2023

Reviewed by: Todd Peetz

Strikethrough is deleted text and **bold underline** is new language by the Township. **ALL CAPS** is staff suggested language.

Amendment 1

Proposed:

Section 610.09 Swimming Pools

Private Family Swimming Pools

A private swimming pool shall be permitted in any residential district or commercial district as an accessory use in accordance with the following requirements:

- A. The pool is intended for the sole enjoyment of the occupants of the property on which it is located and their guests.
- B. The pool may be located anywhere on the property except in the front yard and no closer than fifteen (15) feet to any property line or easement.
- C. The swimming pool or the entire property upon which it is located shall be secured by an enclosure (wall, fence or similar types of structure) in such a manner as to prevent uncontrolled access by children. The structure used to secure the pool shall not be less than **four (4)** six (6) feet in height and it shall be maintained in good condition with a gate and a self-latching lock.
- D. Portable swimming pools with a diameter of less than twelve (12) feet or with an area of less than one hundred (100) square feet and not more than one and one-half (1-1/2) feet deep are exempt from the requirements of this section.

Staff Comments: Brimfield Township had a similar issue with swimming pools at the November RPC Board meeting. We learned that there are few requirements other that fencing and gating pool areas. There is no mandatory height for private swimming pools, except for having a fence or wall.

Because the requirement still requires a gate and self-latching lock, staff thinks this is a minor adjustment to the requirement.

Staff Recommendation: Staff would recommend approval as amended.

MANTUA TOWNSHIP ZONING COMMISSION

Dec. 9, 2022

Dear Regional Planning Commission,

The Mantua Township Zoning Commission has received and accepted (as of Dec. 8, 2022) a Resolution initiated by the Mantua Township Trustees which requests a text amendment to change the height of swimming pool fences from 6 feet to 4 feet.

Their written request does not identify the location of the language in the Zoning Resolution, but based on prior discussions about this we have identified this as Section 610.09 C.

We would like your evaluation of this request, especially with regard to any safety and liability issues that may occur as a result.

Please have a response back to us before January 16, 2023. Thank you.

Sincerely

Lynn Harvey

Amendment 1 Sections 310.03 D; 340.03D; 350.03E; 370.03C 380.03 Adding Electirc Vehicle Charging Stations as permitted uses.

Rationale: The Zoning Commission wants to make sure that businesses and community facilities in the township can provide electric vehicle charging stations, and that residents can also have charging stations for their personal electric vehicles. Therefore, the amendment was proposed to allow electric vehicle charging stations as a permitted use in all zoning districts, with the exception of the Open Space and Conservation district which would be a conditional use. P = Principal use permitted by right	

Rationale: The Zoning Commission wants to make sure that business and community facilities in the township can provide electric vehicle charging stations, and that residents can also have charging stations for their personal electric vehicles. Therefore, the amendment was proposed to allow electric vehicle charging stations as a permitted use in all zoning districts, with the exception of the Open Space and Conservation district which would be a conditional use.

Please provide your input and recommendations to secretary Jordan Michael, 4152 Tallmadge Road, Rootstown, OH 44272 or rootstownzoning@sbcglobal.net.

- Had a meeting with Chick Sprague to discuss project and help with identifying key historical structures and potential contacts.
- Prepared a community survey for input
- Creating an outline for potential creation of a historical district.
- Working with Kelso House and related community members to help support information gathering related to this project.
- Estimated completion May 2023, if not sooner.

13. Brimfield Comprehensive Plan Update

- Kick-off January 2023
- Incorporate new 2020 census data into the plan.
- Evaluate the short-term goals and objectives and establish or update them as necessary.
- Make some modifications to the on-line summary as needed.

F. COMMISSION MANAGEMENT/ADMINISTRATION

1. Other

•	Celebrate Portage! /Visioning in Portage (VIP) - Celebrate Portage! is to keep the key elements of the vision alive. The core concept of Celebrate Portage! is to celebrate the good to great things happening in the County. Doing so will bring greater awareness of what the County has to offer and to inspire others to action. Looking forward to bigger and better 2023!

CDBG REPORT January 2023 Work Through December 2023

2021 CDBG CRITICAL INFRASTRUCTURE GRANT (WINDHAM VILLAGE) - \$452,100 (CDBG) \$48,000 (Windham Village) (September 1, 2021 – October 31, 2023)

Water Facility Improvements - \$475,100 (CDBG = \$427,100 + Windham Village = \$48,000)

Sixteen Hundred (1,600) linear feet of waterlines will be replaced along with 1,500 lineal feet of sidewalk. The improvements consist of replacing the entire waterline including service and fire hydrants along Maple Grove Road completing a neighborhood loop from North Main Street to East Center Street. Sidewalk and ADA ramps will be replaced, which provide ADA access along the corridor and spot curb repairs where service laterals need to be replaced. Several new water valves installations and tie-ins will complete the upgrades. Maple Grove Road serves a critical area in the Village, providing access to Katherine Thomas Elementary School.

It is anticipated that 3,575 residents in the area will benefit from the project, 51.61% of which is LMI.

Contract is in place for engineering services and the Notice to Proceed has been issued to the engineer.

Administration - \$25,000 (CDBG)

Administration and Implementation of the grant includes grant preparation, project management and bidding, completion of reports and day-to-day oversight of the project.

2021 CDBG CRITICAL INFRASTRUCTURE GRANT (RAVENNA CITY) - \$253,600 (CDBG) + \$90,000 (Ravenna City) (September 1, 2021 – October 31, 2023)

Water Facility Improvements (CDBG = \$166,900 + Ravenna City = \$46,734)

Nine Hundred Thirty (930) linear feet of water lines will be replaced and one fire hydrant will be removed/installed on Pratt Street in the City of Ravenna.

Street Improvements (CDBG = \$66,700 + Ravenna City = \$30,066)

Once Pratt Street is excavated to replace the water lines, 930 linear feet of road surface will be restored as well as 1,350 linear feet of concrete curb will be replaced.

Sidewalk Improvements (Ravenna City = \$3,600)

Concurrent with the waterline replacement, 400 square feet of deteriorated sidewalk and the curb ramps will be upgraded to ADA standards on Pratt Street in the City of Ravenna.

Flood & Drainage Facilities (Ravenna City = \$9,600)

Concurrent with the waterline replacement, two manholes will be replaced, and four catch basins will be replaced on Pratt Street in the City of Ravenna.

Administration - \$20,000 (CDBG)

Administration and Implementation of the grant includes grant preparation, project management and bidding, completion of reports and day-to-day oversight of the project.

Construction started September 26, 2022.

2021 CDBG TARGET OF OPPORTUNITY PROGRAM CARES ACT (CDBG-CV) - \$235,100 (CDBG)

(February 1, 2022 – March 31, 2023)

F&CS Flooring & HVAC Update - \$214,100 (CDBG)

The funds will be used for replacement of the hard surfacing flooring and HVAC updates at the Family & Community Services Supportive Housing Program funded, Permanent Supportive Housing and Transitional Housing located at:

Permanent Supportive Housing

1019 – 1037 Graham Road, Kent City 1548/1550 Benjamin Court, Kent City

Transitional Housing

161/163 Currie Hall, Kent City 1540/1542 Benjamin Court, Kent City 1536/1538 Benjamin Court, Kent City

The improvements will provide Family & Community Services with the ability to better clean and sanitize the facilities and by updating the HVAC units it will provide improved air filtration and purification.

Administration - \$21,000 (CDBG)

Administration and Implementation of the grant includes grant preparation, project management and bidding, completion of reports and day-to-day oversight of the project.

Contract has been signed by the contractor and are waiting for funds to be certified/appropriated at the County before circulating through the County Auditor, Prosecutor and the Commissioners. A Notice to Proceed will be issued once contract is in place.

An Extension has been approved and all construction must be completed by April 30, 2023.

<u>2022 COMMUNITY DEVELOPMENT ALLOCATION GRANT</u> - \$630,000.00 (Portage County - \$480,000 + City of Streetsboro - \$150,000)

Public Facilities - Volunteer Park Project - \$125,000 (CDBG) + \$1,000 (Ravenna Hot Stove League)

The funds will be used to pave Volunteer Park Road in the City of Ravenna to the fields to increase activities including tournaments to the Ravenna Hot Stove League Fields to serve an area that is 58.37% LMI.

Clearance Activities - Coleman Demolition Project - \$45,600 (CDBG)

The funds will be used to demolish a blighted house owned by Coleman Professional Services at 463/465 South Chestnut Street, Ravenna City to eliminate a blight to the area.

Neighborhood Facilities/Community Center – Freedom School House ADA Project - \$53,900 (CDBG)

The funds will be used to remove the barriers that exist for the elderly and handicapped individuals that prevent them entering an historic building located at 7276 State Route 303 in Freedom Township and serves the community as a museum and is open to small groups for tours by providing an ADA compliant sidewalk and lift area and two handicap accessible parking spaces.

Neighborhood Facilities/Community Center – DMRC ADA Project - \$173,500 (CDBG) + \$12,820 (RLF)

Funds will be used to provide ADA accessibility to the fronts of the businesses by rebuilding the sidewalks and steps along with an ADA compatible access ramp at the north end of the walk. An ADA parking space will be added near the ramp entry, continuous railings at the stairs and ramp will be included to remove the barriers that exist for the elderly and handicapped individuals that prevent them entering the building located on the east side of Main Street, North Prospect Street in the Village of Mantua.

Fair Housing - \$10,000 (CDBG)

Fair housing services including landlord/tenant information, discrimination complaints, training, posters, and brochures will be provided for the residents of Portage County, excluding the City of Kent.

Over the course of two years presentations will be made to 12 agencies/organizations targeted for CDBG assistance and/or special populations affected by CDBG assisted project.

Also, staff will be required to distribute to a minimum of ten public events, agencies or organizations each quarter through the grant program period.

There were 14 requests for assistance received in December. One (1) call was located in Atwater Township; One (1) call was in Rootstown Township; Two (2) calls were in Franklin Township; Three (3) calls were in the City of Streetsboro; One (1) call was in Windham Township; One (1) call was in Hiram; One (1) call was in Mantua and Four (4) calls were in the City of Ravenna

Administration of the Portage County Projects - \$72,000 (CDBG)

Administration and Implementation of the grant includes grant preparation, project management and bidding, completion of reports and day-to-day oversight of the three "County" projects.

The grant agreement is in place and the environmental review for each project is underway.

City of Streetsboro - \$150,000 (CDBG)

Public Service – Senior Assistance Program - \$75,000 (CDBG)

The funds will be used to provide lawn mowing, leaf cleanup and snow removal to benefit LMI and/or disabled residents in the City of Streetsboro.

So far, seventy-Eight (78) applications have been received for the Senior Assistance Program. All income has been verified for each household and a letter has gone out to all households who applied for the program.

The funds have been released and are currently working on the bid specifications.

<u>Clearance Activities – Citywide Demolition Program - \$52,500 (CDBG)</u>

Funds will be used for a Citywide Demolition Program in the City of Streetsboro to eliminate a slum and blight where needed within the City of Streetsboro.

Administration of the City of Streetsboro Projects - \$22,500 (CDBG)

Administration and Implementation of the grant includes grant preparation, project management and bidding, completion of reports and day-to-day oversight of the "City of Streetsboro" projects.

<u>2022 RESIDENTIAL PUBLIC INFRASTRUCTURE GRANT - CHINN SEWER CONSTRUCTION</u> - \$750,000 (Includes RPC Administration) (CDBG) + \$1,500,000 (OPWC) + \$7,859,000 (WPCLF)

The service area includes the Babcock & Motz Allotment, Sanmar, Cloverlawn, High Knoll and the Chinn 1st, 2nd and 3rd Allotments. This area was developed in the 1950 – 1970 and comprises of 170 residential homes that have on site treatment systems and wells. The service area currently does not have access to a public water or sanitary sewer system. The purpose of this project is to construct a new public wastewater collection system that will address water quality violations encountered by the EPA and the P.C. Health Department in the project service area located in Ravenna Township.

The new collection system will require the construction of new gravity sewers, a new pump station and upgrades to an existing pump station and force mains in the area and roadway full depth pavement replacement.

The County received the Permit to Install. A full application will be submitted once it is available in 2023.

2022 DOWNTOWN REVITALIZATION TARGET OF OPPORTUNITY PROGRAM - \$184,000 (Includes RPC Administration) (CDBG) + \$50,000 (Commitment)

Improvements are being proposed to a small block of buildings located on the east side of Main Street, North of Prospect Street in the Village of Mantua.

The following is being proposed: Renewal of the store fronts and façade of the building, including masonry restoration of the store front. Five of the entrance doors have been changed over time and have undersized, cheap residential entrance doors. These will be replaced with new aluminum covered wood doors with low E tempered glazing and commercial hardware. The two existing doors that are original will be reglazed with low E tempered glazing and will be refurbished. The upper windows in all of the storefronts are currently boarded up and painted over. The windows will be opened back up and reglazed with 1" insulating low E glazing. All woodwork will be painted on the exterior face. Above the storefronts are cornice roofs. These will be repaired and re-roofed. All the cornice trim work will be painted and refurbished. The masonry face of the building will be cleaned and tuckpointed with brick repairs as needed. The estimate for this work is \$200,962.

The maximum grant amount is \$250,000 and applications will require firm participation commitments from business/building owners. A maximum of \$25,000 or 10% of the total CDBG project cost, whichever is less may be used for administration.

A full application is being prepared.

<u>2022 RESIDENTIAL PUBLIC INFRASTRUCTURE GRANT – MANTUA VILLAGE</u> - \$750,000 (Includes RPC Administration) (CDBG) + \$750,000 (50% Match – Surcharge)

The Village of Mantua wastewater collections system consists of approximately 36,065 linear feet of 8-inch to 12-inch vitrified clay pipe (VCP), polyvinyl chloride (PVC) and truss piping. Approximately 21, 331 linear feet of the collection system is VCP, consisting of sections ranging from 2-feet to 5-feet. Over the years, the VCP joints have grown old and have separated, allowing root intrusions which is leading to infiltration of ground water into the collection system. Some water laterals have found to be tapped in improperly, hammer tapped, and without a proper wye connection or grout these connections contribute to the infiltration. The improvements that will be completed will be the cleaning and camera of sewer lines, grouting of joints and hammer taps in the system, fixing of cracked pipes, inspection, and possible sealing of failing brick manholes.

This will alleviate the deterioration of sewer lines and joints. In doing so, it will improve the infiltration and inflow that is currently in the system from these joints. With the improvement of the inflow in the collection system, this will ultimately send less flow to the Village of Mantua Wastewater Treatment Plant and cost less to treat the Villages wastewater and reduce potential of sanitary sewer overflows into the Cuyahoga River.

A full application will be submitted once it is available in 2023.
