

Prior ODH Approval for Pool Equipment Replacement

ODH Plan Approval is required for the following substantial alterations:

- Replacement of a circulation filter with a different size, different method of filtration, different media, or a different method of operation;
- Replacement of a circulation, jet, or special feature pump that changes the operation of the pool or associated equipment;
- Replacement of a Safety Vacuum Release System (SVRS) / Automatic Pump Shut-off System (ASPO) to prevent potential entrapment from drain outlets;

-An ODH Approval is not generally required for replacement of like equipment with identical design.

Equipment Replacement Notification Report (ERNR) form.

If you have any questions, please contact either Mary Clifton or Corey Schwab at 614-644-7438 or the ODH Engineers (Peter Jen or Jeff Terry) at 614-644-7527.

ERNR Form submission to the Ohio Department of Health with basic information

- \$50.00 fee
- Send to:
Ohio Department of Health Revenue Processing
P.O. Box 15278
Columbus, OH 43215-0278
