Recessed into the Public Hearing for the Partial Road Vacation of Sumner Street, Ravenna: 9:01 AM

> PUBLIC HEARING TO VACATE A PORTION OF SUMNER STREET IN RAVENNA TOWNSHIP, PORTAGE COUNTY PORTAGE COUNTY COMMISSIONERS' OFFICE 449 SOUTH MERIDIAN STREET, RAVENNA AUGUST 18, 2022 AT 9:00 AM

Present: Commissioner Christian-Bennett, Commissioner Badalamenti, Clerk Amy Hutchinson, Chief Deputy County Engineer Larry Jenkins, Department of Budget and Financial Management Director Joe Harris, Grants Administrator Allison Diehl, Mike Tinlin, Diane Stewart (original petitioner), Janice Young, Barb Tittle and Geraldine Nelson

### I OPENING - Commissioner Christian-Bennett

Section 5553.045 of the Ohio Revised Code specifies that a Board of Township Trustees may petition the Board of County Commissioners to vacate a Township road or a portion of a road.

On July 21, 2022, the Board of Commissioners received Ravenna Township's Resolution No. 21-069, dated June 1, 2021, requesting a partial road vacation of Sumner Street, Ravenna Township.

# II. PURPOSE OF THE HEARING – Commissioner Christian-Bennett

The purpose of the Public Hearing is to hear testimony from interested persons in favor or against the proposed road vacation and to determine whether it will serve the public convenience or welfare.

# III. SWEARING IN OF THOSE WHO ARE SPEAKING - Commissioner Christian-Bennett

Anyone that would like to speak during the Public Hearing must raise their right hand and be sworn in.

Do you solemnly swear that the testimony you are about to give shall be the truth, the
whole truth, and nothing but the truth, if so, please respond I do.

# IV. COUNTY ENGINEER'S REPORT - Chief Deputy County Engineer Larry Jenkins

Deputy Engineer Jenkins presented a map showing Sumner Street and noted it is part of the McElrath subdivision and it's labeled as 6626 on the map. The proposed vacation would take a portion of Sumner Street and split it down the middle and by vacation regulations, it will be split between both owners of the adjoining properties.

Mr. Jenkins pointed out the concern of the County Engineer noting the additional lot behind the public road of Summer Street is rectangular and independent of the other two lots (highlighted in purple), which are believed to be owned by the same person (Ms. Young). So, if the vacation moves forward, the rear lot will have no street frontage and for that reason alone, we do not recommend the partial road vacation be approved at this time to ensure that the area does not become landlocked.

Commissioner Christian-Bennett asked Ms. Young if anyone has spoken to her about replating the front existing lots with the back lot so that it becomes one continuous lot and Ms. Young responded the contractor that was going to build her house mentioned something about it, but no one else has said anything.

Commissioner Christian-Bennett swore Ms. Young in and asked her to state her name for the record.

Ms. Young asked about the next step and Commissioner Christian-Bennett suggested getting in contact with a surveyor because the area will need to be replated and if all the parcels are combined, it no longer becomes an issue. Commissioner Christian-Bennet

also suggested a review by the Ravenna Township Zoning Department as the vacation will need to be denied today. Ms. Young asked what it means when you 'deny' the vacation and Mr. Jenkins replied that the road will remain intact until something changes. Ms. Young will contact Zoning after she leaves the meeting today.

#### PUBLIC COMMENT:

Commissioner Christian-Bennett asked for Public Comment and swore Ms. Diana Stewart in and asked for her name for the record.

Ms. Stewart explained that she is the party that originally requested the road vacation. She owns both houses and has maintained the area since she purchased the first houses at 6636. The Township has not maintained the roadway. Ms. Stewart has contacted Ms. Young and has sent correspondence to her letting her know that the house beside her is in total disrepair and nobody has been there since 1995 when they moved in.

Terrill Commons is in Ravenna City and it bumps up against that lot where our property ends and the access for roads is less than 10 feet. It is not accessible because the property on the side of that is Ravenna City, Terrill Commons and that's why we asked for the vacation.

When Ms. Stewart spoke with Ms. Young, she was informed that Ms. Young was going to have a new house put on the two front lots, but she wanted to build storage units for people to rent. Ms. Stewart has an established childcare business for over 15 years and there's no way that she is going to allow people running in and out of that driveway with daycare children nearby and she is going to reject that.

Ms. Stewart pointed out that whatever new house she would like to build would not be permittable on the two lots because due to the lack of frontage, so she would have to build in the back and the current house on the property is in disrepair.

Ms. Stewart mentioned she had Pearson do the surveying and they went all the way back into this area to make sure they had their marks correct.

Commissioner Christian-Bennett reminded everyone that this issue needs to be taken up with the Township.

Ms. Young stated those are her lots and no one is going to tell her what she's going to build on them and she's putting her house in the front.

Commissioner Christian-Bennett suggests Ms. Young contact the Township and present the map from today's public hearing to find out what the permissible uses are and if there are any conditional uses on the property and go from there.

#### V. **CLOSING STATEMENT - Commissioner Christian-Bennett**

After hearing the discussion presented today, if the Board finds that such improvements will serve the public convenience or welfare, it shall adopt a resolution by majority vote declaring the road or portion to be vacated. If the Board fails to vote on the issue within sixty days after the date the Township's resolution is filed with it, the portion of the road specified in the resolution shall be deemed to be vacated. If the Board does not believe such improvements will serve the public convenience or welfare, the Board shall adopt a resolution denying the petition.

# DEPARTMENT OF BUDGET AND FINANCIAL MANAGEMENT

Present: Director Joe Harris

## Discussion:

1. Local Government Funds

Local Government Funds are a portion of the state's tax revenue they receive and over the last 10 years, it's been steadily decreasing statewide and it's now the time to re-evaluate Portage County's portion. We normally stay around 39.8%, but we are allowed to go up to 50%. The last evaluation was 5 years, normally it's 10, but in 2018, they couldn't agree on the funding formula for the entire County.

Director Harris is recommending we stay at the same percentage of 39.8% for 10 years. Commissioner Christian-Bennett pointed out that they wanted us to go even lower but we are entitled to 50%.

The Board agreed to keep the Local Government Fund rate at 39.8% for 10 years and Director Harris will present a resolution for adoption next week.

### REGIONAL PLANNING COMMISSION

Present: Todd Peetz, Director

### Discussion:

1. 2022 Downtown Revitalization Target of Opportunity Program.

Director Peetz met with the Board to discuss the 2022 Downtown Revitalization Target of Opportunity Program. It's a CDBG related grant and the project is in the Village of Mantua at the corner of Main Street and Prospect. This is a slum and blight project, and they would like to use the Target of Opportunities grant to fix the outside of the building. The total cost of the project is \$204,000 plus or minus and the Downtown Mantua Revitalization Corporation will contribute \$50,000, so there is no local match needed by the Board.

Commissioner Badalamenti asked if the handicapped accessibility and storefront façade will run simultaneously, and Director Peetz explained the handicapped accessibility will be done first because it's been submitted, and the second project would be the façade. A third grant is available for parking in the rear, but that one cannot be completed with CDBG funding, but does qualify for Revolving Loan fund monies.

Commissioner Christian-Bennett asked if there were any other applicants for grant funding and Director Peetz replied the grant is a first come first serve application, so others can apply because multiple applications are acceptable. No additional applications have been received.

### Journal Entries:

1. The Board of Commissioners authorized the Portage County Regional Planning Commission to submit 2022 Downtown Revitalization Target of Opportunity Program Preapplication for the Village of Mantua façade improvements to the storefronts of a building located at 10676, 10678 and 10682 Main Street.

### PORTAGE DEVELOPMENTAL DISABILITIES

Present: Superintendent John Vennetti, Human Resources Director Lynn Leslie, and Director of Business Management Tara Beaty

### Discussion:

1. Collective Bargaining Agreements

Last week, Mr. Leslie presented the Collective Bargaining Agreement for Unit A and today he presents Unit B for the Social and Support Administrators (SSA). The contract expires next year, but they've agreed on a new contract for three years beginning September 2023.

Mr. Leslie presents this information now because there's a ratification bonus in the agreement that need to be paid this year.

The provisions are very similar to the last agreement whereby people who are at the top step get a lump sum payment every year, there's a \$2,500 ratification bonus that gets paid this year and the only other monetary change was an increase for an SSA worker that is on call each month from \$200 to \$400 as that amount hasn't increased in over twenty years.

The second contract is for transportation. This will be the last contract we have with them effective January 1, 2023, because the school is being phased out at the end of next school year. The contract has a ratification bonus of \$650 that will be paid in September 2022. The people who are tapped out will receive a \$500 lump sum bonus. Mr. Vennetti pointed out they may still be around with the amount of transportation and drivers we currently have; we could do a simple Memorandum of Understanding as opposed to a contract. Commissioner Christian-Bennett recognized and thanked Mr. Vennetti for his outstanding leadership.

AMEND RESOLUTION 22-0456, ADOPTED JULY 21, 2022 - DIRECTING A PORTION OF THE COUNTY'S CORONAVIRUS LOCAL FISCAL RECOVERY FUND PAYMENT TO THE COUNTY'S COVID-19 RESPONSE, AUTHORIZING AMERICAN RESCUE PLAN ACT FUND EXPENDITURES FOR EMA02.

It was moved by Anthony J. Badalamenti, seconded by Sabrina Christian-Bennett that the following resolution be adopted:

RE:

WHEREAS.

it has been determined by the Board of Commissioners that the amount included in Resolution No. 22-0456 must be corrected from \$4,583,721.75 to \$4,596,121.75, to reflect the accurate price for the expenditure; now therefore be it

RESOLVED,

that the project amount in **Resolution No. 22-0456 is hereby amended to \$4,596,121.75** as this is the accurate price for EMA02.

RESOLVED.

that the Board of Commissioners finds and determines that all formal actions of this Board concerning and relating to the adoption of this resolution were taken in an open meeting of this Board and that all deliberations of this Board that resulted in those formal actions were in meeting open to the public in compliance with the law including Section 121.22 of the Ohio Revised Code.

RESOLUTION NO. 22-0456

DIRECTING A PORTION OF THE COUNTY'S CORONAVIRUS LOCAL FISCAL RECOVERY FUND PAYMENT TO THE COUNTY'S COVID-19 RESPONSE, AUTHORIZING AMERICAN RESCUE PLAN ACT FUND EXPENDITURES FOR EMA02.

It was moved by Anthony J. Badalamenti, seconded by Vicki A. Kline that the following resolution be adopted:

WHEREAS,

Title IX, Subtitle M, Section 9901 of the American Rescue Plan Act, Pub. L. 117-2 [H.R. 1319], signed into law March 11, 2021 ("ARPA"), appropriated Coronavirus Local Fiscal Recovery Fund (the "Fund") payments from the U.S. Treasury Secretary to metropolitan cities, nonentitlement units of local government, and counties; and

WHEREAS,

pursuant to the ARPA's Fund methodology, Portage County was allocated approximately \$31,600,000 (the "Fund Payment") to "mitigate the fiscal effects stemming from the public health emergency with respect to the Coronavirus Disease (COVID-19)"; and

WHEREAS,

in response to this economic crisis, the Department of the Treasury ("Treasury Department") is providing such relief to state and local governments to enable them to continue to support the public health response and lay the foundation for a strong and equitable economic recovery; and

WHEREAS.

the ARPA and its supporting U.S. Treasury guidance provide that the Fund Payment may only be used by the County to finance costs that (a) respond to the COVID-19 public health emergency or its negative economic impacts; (b) respond to workers performing essential work; (c) provide government services to extent of reduction in revenue; and (d) make necessary investments in water, sewer, or broadband infrastructure (collectively, the "Criteria"); and

WHEREAS.

the Board of Commissioners of the County of Portage, State of Ohio (the "Board") has identified a project which consists of the following: Portage County Emergency Operations Center renovations (the "Project"); and

WHEREAS.

in the judgment of the Board the Project seeks to respond to the COVID-19 public health emergency or its negative economic impacts under the Criteria, which all determinations as to the eligible use of funds hereunder are at the sole discretion of the Board, pursuant to certain advice it has received from its legal counsel, which is attached hereto as <u>EXHIBIT A</u>; and

WHEREAS,

so long as the County duly directs its Fund Payment to finance the Project costs in compliance with the Criteria, the County may use the Fund Payment to offset the County's various fiscal effects from COVID-19 during the period beginning March 3, 2021, and ending December 31, 2024 (the "Covered Period"); and

WHEREAS.

the County received some or all of the Fund Payment directly from the U.S. Treasury, for the receipt of which this Board's adopted Resolution 22-100 on February 8, 2022, suffices to affirm said Fund Payment is to cover only those expenditures consistent with ARPA, including the Criteria, and applicable regulations, and such Fund Payment has been or will be deposited into an appropriate special revenue fund created and maintained by the County; and

WHEREAS,

the Treasury Department has published an Interim Final Rule and a Final Rule with an effective date of April 1, 2022 (collectively, 31 CFR 35.1 et seq.), its regularly updated Coronavirus State and Local Fiscal Recovery Funds' Frequently Asked Questions, and its Coronavirus State and Local Fiscal Recovery Funds: Overview of the Final Rule (collectively, "Guidance"), further explaining the Criteria and the proper use of the Fund Payment during the Covered Period; and

WHEREAS,

the County intends to take action and use the Fund Payment as described herein in a manner consistent with the Final Rule released by the Treasury Department on January 6, 2022, as authorized under said Department's Statement Regarding Compliance with the Coronavirus State and Local Fiscal Recovery Funds Interim Final Rule and Final Rule; now therefore be it

RESOLVED,

The Project is hereby authorized and shall be paid for from the ARPA Funds in the amount of/an amount not to exceed: \$4,583,721.75; and be it further

RESOLVED.

That this Board hereby declares the County's COVID-19 Response expenditures described in this resolution were incurred during the Covered Period under the Criteria and the Guidance; to wit: beginning June 2, 2021 and ending December 31, 2024; and be it further

RESOLVED.

As time is of the essence, the duly authorized representatives of the County are directed to take action under this Resolution as soon as possible; and be it further

RESOLVED.

that a copy of this resolution be filed with the Department of Budget & Financial Management and the Grant Administrator; and be it further

RESOLVED.

that the Board of Commissioners finds and determines that all formal actions of this Board concerning and relating to the adoption of this resolution were taken in an open meeting of this Board and that all deliberations of this Board that resulted in those formal actions were in meeting open to the public in compliance with the law including Section 121.00 of the Ohio Revised Code; and be it further

#### MEMORANDUM

TO:

Allison Diehl, Grant Administrator, Portage County

DATE:

June 13, 2022

RE:

ARPA Use of Funds - Emergency Operations Center, MARCS Towers, and Sheriff's

Dispatch Center

#### PROJECT DESCRIPTIONS:

- The County would like to renovate a building it owns to accommodate the County's new Office of Homeland Security and Emergency Management Agency's Emergency ("EMA") Operations Center, and purchase necessary emergency equipment to be installed in therein (the "EOC Construction Project").
- 2. The County would like to build three (3) new Multi-Agency Radio Communication System towers for the County's EMA. The County further intends to turn over these towers, upon completion of their installation (paid for with ARPA funds), to the State of Ohio for maintenance/upkeep (the "MARCS Project").
- 3. The County would like to expand its Sheriff's dispatch center and buy new radio equipment for the dispatchers to use. The current room has inadequate space to facilitate current operational and equipment needs.

### BRICKER RESPONSES:

As to the EOC Construction Project, <u>eligible</u> under the 1<sup>st</sup> bucket of use (as a response to COVID-19) as construction of an emergency operations center and acquisition of emergency response equipment.

As to the MARCS Project, <u>eligible</u> under the 1<sup>st</sup> bucket of use (as a response to COVID-19) as an acquisition of emergency response equipment. But the federal Uniform Guidance must be followed as to any future hand-over (i.e., disposal) of the MARCS towers to the State of Ohio.

The County must proceed carefully as to the Dispatch Center Project, because the Treasury does not provide as much leeway in the use of ARPA funds – under the 1st bucket – to purely law enforcement end uses. If the County funds this expansion project under the 1st bucket of

use, <u>eligible only to offset those costs directly attributable to</u> (i) the proportion (rate) by which the dispatch center provides service directly as a public health response (e.g., the percentage of calls for Fire / EMS, and/or for purposes of COVID-19 prevention and treatment handled by the Sheriff's dispatch center); (ii) acquisition of emergency response equipment (i.e., new radio equipment); and (iii) those portions of the planned build-out that are expanded / enhanced / spec'd-out for COVID mitigation and prevention.

All three projects, if funded in whole or in part under the 1<sup>st</sup> bucket of use rationale (as a response to COVID-19), constitute capital expenditures under the Treasury's Final Rule, and therefore are subject to enhanced justification and reporting protocols.

Each of the EOC Construction, MARCS, and Dispatch Center Projects are wholly eligible under the 3<sup>rd</sup> bucket of use as a provision of government services, to the extent of the County's reduction in revenue.

#### ANALYSIS:

Under the Final Rule, ARPA allows four buckets of eligible use, the first and third of which are relevant here: "(A) To respond to the public health emergency or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality; (B) To respond to workers performing essential work during the COVID-19 public health emergency by providing premium pay to eligible workers; (C) For the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency relative to revenues collected in the most recent full fiscal year prior to the emergency; and (D) To make necessary investments in water, sewer, or broadband infrastructure" [emphasis added] (see U.S. Treasury, Final Rule, Supplementary Information, at pages 4-5).

#### 1st Bucket of Use

Two-part framework for determining eligible uses in response to COVID-19

Under the 1st bucket (in response to COVID), to determine whether any of the EOC Construction, MARCS, and Dispatch Center Projects are an eligible use of the County's ARPA funds, the County must satisfy the U.S. Treasury's two-part framework: (1) there must be a negative public health or economic impact resulting from or exacerbated by COVID; and (2) the County's response must be designed to address the identified health or economic impact, which such response must be "reasonably proportional" (i.e., the scale of the response as compared to the scale of the harm) (see 31 CFR 35.6(b)(1); see also U.S. Treasury, Final Rule, Supplementary Information, at pages 21 – 22, and at page 194).

Under this two-part framework to determine eligible responses under the 1<sup>st</sup> bucket of use, the U.S. Treasury requires a beneficiary or class of beneficiaries to have experienced an identified harm caused by or exacerbated by the pandemic. And therefore, the County must assess

whether the *beneficiaries* (i) belong to an impacted or disproportionately impacted household, population, or community and (ii) whether the use of funds address negative public health or economic impacts within those cohorts. (See 31 CFR 35.6(b)(1))

First, the Treasury states in the Final Rule that Portage County may presume the general public (i.e., all Portage County residents) experienced public health impacts from the pandemic for purposes of public health (see U.S. Treasury, Final Rule, Supplementary Information, at page 37).

Second, the County must show the EOC Construction, MARCS, and Dispatch Center Projects are reasonably proportional in response to COVID-19's health impact on the County.

The Treasury will view all three projects as constituting "capital expenditures" under the Final Rule (see 31 CFR 35.3: "capital expenditures has the same meaning given in 2 CFR 200.1", which in turn, defines them to include "additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations, or alterations to capital assets"). And the Treasury's general position holds that capital expenditures are not presumed to be reasonably proportional responses to an identified harm. (See U.S. Treasury, Final Rule, Supplementary Information, at page 57).

Interestingly – and helpful to this discussion – the Treasury, in its Final Rule, provides specific authorizations relative to emergency operations centers and emergency radio equipment under this analysis. Specifically, the Treasury lists certain capital expenditures as responsive to pandemic operational needs, including "improvements to or construction of emergency operations centers and acquisition of emergency response equipment" (see U.S. Treasury, Final Rule, Supplementary Information, at pages 61 – 62).

#### **EOC Construction Project**

The entirety of the EOC Construction Project is an appropriate use of the County's Local Fiscal Recovery Funds under the 1<sup>st</sup> bucket as a response to COVID-19, so long as the project otherwise meets the Final Rule's requirements for capital expenditures (described below).

The EOC Construction Project comprises both construction of an emergency operations center and acquisition of emergency response equipment under the Final Rule. (See U.S. Treasury, Final Rule, Supplementary Information, at page 61)

#### **MARCS Project**

The entirety of the MARCS Project is an appropriate use of the County's Local Fiscal Recovery Fund under the 1<sup>st</sup> bucket as a response to COVID-19 (i.e., supports first-responders and public safety providers with wireless digital communications, thereby saving lives and maximizing effectiveness in both normal operations and emergent situations). Again, the project must otherwise meet the Final Rule's requirements for capital expenditures (described below).

Specific authorization is provided by Treasury in funding the MARCS Project as an acquisition of emergency response equipment. (*Id.*)

As to plans by the County to hand-over the MARCS towers, once their purchase and installation is funded by the County's ARPA allocation, care must be taken in any disposition of those assets. Namely, the Treasury states in its Compliance and Reporting Guidance, updated as of June 10, 2022, that "[a]ny purchase of real or personal property with SLFRF funds must be consistent with the Uniform Guidance at 2 CFR Part 200, Subpart D, unless stated otherwise by Treasury" (at page 9). In turn, the relevant provisions of the cited federal guidance state:

- (c) Disposition. When real property is no longer needed for the originally authorized purpose, the non-Federal entity must obtain disposition instructions from the Federal awarding agency or pass-through entity. The instructions must provide for one of the following alternatives:
- (1) Retain title after compensating the Federal awarding agency. The amount paid to the Federal awarding agency will be computed by applying the Federal awarding agency's percentage of participation in the cost of the original purchase (and costs of any improvements) to the fair market value of the property. However, in those situations where the non-Federal entity is disposing of real property acquired or improved with a Federal award and acquiring replacement real property under the same Federal award, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.
- (2) Sell the property and compensate the Federal awarding agency. The amount due to the Federal awarding agency will be calculated by applying the Federal awarding agency's percentage of participation in the cost of the original purchase (and cost of any improvements) to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the Federal award has not been closed out, the net proceeds from sale may be offset against the original cost of the property. When the non-Federal entity is directed to sell property, sales procedures must be followed that provide for competition to the extent practicable and result in the highest possible return.
- (3) Transfer title to the Federal awarding agency or to a third party designated/approved by the Federal awarding agency. The non–Federal entity is entitled to be paid an amount calculated by applying the non–Federal entity's percentage of participation in the purchase of the real property (and cost of any improvements) to the current fair market value of the property.

### 2 CFR 200.311

We urge caution here, as prior authorization from the U.S. Treasury is required in such circumstances. Further, we strongly recommend the County collaborate closely with the State

of Ohio, Office of Budget and Management, the Auditor of State, as well as the state agency or department having been identified by the County to maintain the MARCS towers, to ensure compliance with property disposal requirements under the federal Uniform Guidance.

#### Dispatch Center Project

Portions of the Dispatch Center Project are appropriate under the 1<sup>st</sup> bucket of use. To direct ARPA funds under the 1<sup>st</sup> bucket to cover the *entire* cost of the Dispatch Center's building expansion would not be appropriate. Rather, we advise the Commissioners to identify those portions of the planned build-out that are expanded / enhanced / spec'd-out for COVID mitigation and prevention. (See 31 CFR 35.6(b)(3)(i)(A))

We take this position because the Dispatch Center Project comprises a capital expenditure under the ARPA, and the Treasury takes the position that capital expenditures "are not presumed to be reasonably proportional responses" to harm caused by the pandemic, unless otherwise listed as appropriate (see U.S. Treasury, Final Rule, Supplementary Information, at page 57). And to that point, the Treasury lists equipment as a COVID-19 public health response that is medical or emergency service-related (Id. at page 61).

Law enforcement uses are not given as much leeway by Treasury. Namely, local government recipients are limited in the use of their Fiscal Recovery Funds under the 1<sup>st</sup> bucket as a response to the rise in gun violence; we have advised clients against using ARPA funds to offset large construction projects (e.g., jails) or to purchase large equipment items (e.g., mobile command and SWAT vehicles) in service to law enforcement as such purchases do not "respond to an identified impact of the COVID-19 public health emergency in a reasonably proportional manner" (see 31 CFR 35.6(b)(3)(i)(D); and see U.S. Treasury, Final Rule, Supplementary Information, at pages 70 – 72).

Rather, we advise the Commissioners to identify the rate (%) by which the Sheriff's dispatch center is expanded / enlarged beyond its current space *specifically to accommodate COVID-19-related concerns*, such as social distancing among staff and allow for enhanced efficiencies in the center's filing operations.

That rate, applied against the total cost incurred by the County to expand the space, would result in an attributable dollar amount that could be paid for with ARPA funds as part of the County's response to COVID-19. (See 31 CFR 35.6(b)(3)(i)(A): the County's response to the public health impacts of the pandemic may include "mitigation and prevention practices in congregate settings") This method of calculation would provide for a "reasonably proportional" response by the County to provide expanded and upgraded dispatcher work space and storage for its County operations.

The entirety of the newly purchased radio equipment would be an appropriate use of the County's Local Fiscal Recovery Fund under the 1<sup>st</sup> bucket of use analysis; new radio equipment

as an acquisition of emergency response equipment. (See U.S. Treasury, Final Rule, Supplementary Information, at page 61)

#### Capital Expenditures under the 1st Bucket

If the County so chooses to fund any of the EOC Construction, MARCS, and Dispatch Center Projects under the 1st bucket, they each constitute capital expenditures, and are therefore subject to the Final Rule's heightened justification and reporting protocols.

Namely, the County must take certain steps, depending on how much of its Local Fiscal Recovery Funds it intends to deploy to the project:

- If a given project has total capital expenditures (by the County) of \$1 million or less (i.e., Treasury's "safe harbor"): the County must write-up sufficient supporting information (i.e., answer the two-part framework) for its audit file as to how and why the project is reasonably proportional to the pandemic's health impact and its mitigation. (Use this memorandum as the audit file insert in such instances.)
- If a given project has total capital expenditures (by the County) equal to or more than \$1 million: the County also must prepare a Written Justification as such (see 31 CFR 35.6(b)(4); see also U.S. Treasury, Final Rule, Supplementary Information, at page 194).

The Written Justification is comprised of (1) a description of the public harm to be addressed by the County's capital expenditures; (2) an explanation why the County's capital expenditures are appropriate to address that harm; and (3) a comparison against two alternative types of capital expenditures (see U.S. Treasury, Final Rule, Supplementary Information, at pages 196-198). This document must be either kept in the audit file (if County expenditures are less than \$10 million) or filed with the U.S. Treasury (if County expenditures are greater than \$10 million) (see 31 CFR 35.6(b)(4); see also U.S. Treasury, Final Rule, Supplementary Information, at pages 204 – 205).

Note that federal procurement rules apply.

### 3<sup>rd</sup> Bucket of Use

Alternatively, any one or all of the EOC Construction, MARCS, and Dispatch Center Projects could be funded under the 3<sup>rd</sup> bucket as a provision of government services to the extent of the County's reduction in revenue.

Recall that the third bucket of eligible use does not need to have a direct connection to the County's COVID-19 response. This lack of connection to COVID-19 arises from the U.S. Treasury presuming "any diminution in actual revenue calculated using [Treasury's "standard allowance"

or published formula) to have been 'due to' the COVID-19 public health emergency" (U.S. Treasury, Final Rule: FAQs as of April 27, 2022, Item 3.7).

Irrespective of the method of determining lost revenue, there are only a few restrictions on the use of ARPA funds up to such lost revenue amount: the County cannot service debt, replenish its rainy day fund, pay legal settlements not related to government services, or make (extraordinary) deposits to its pension fund(s).

Beyond those stated restrictions, the County has "broad latitude to use funds for the provision of government services" (see U.S. Treasury, Final Rule, Supplementary Information, at page 9).

We note here the federal procurement requirements apply under the Uniform Guidance.

**RESOLUTION NO. 22-0530** 

DIRECTING A PORTION OF THE COUNTY'S CORONAVIRUS LOCAL FISCAL RECOVERY FUND PAYMENT TO THE COUNTY'S COVID-19 RESPONSE, AUTHORIZING AMERICAN RESCUE PLAN ACT FUND EXPENDITURES FOR ITE01.

It was moved by Anthony J. Badalamenti, seconded by Sabrina Christian-Bennett that the following resolution be adopted:

WHEREAS,

Title IX, Subtitle M, Section 9901 of the American Rescue Plan Act, Pub. L. 117-2 [H.R. 1319], signed into law March 11, 2021 ("ARPA"), appropriated Coronavirus Local Fiscal Recovery Fund (the "Fund") payments from the U.S. Treasury Secretary to metropolitan cities, nonentitlement units of local government, and counties; and

WHEREAS,

pursuant to the ARPA's Fund methodology, Portage County was allocated approximately \$31,600,000 (the "Fund Payment") to "mitigate the fiscal effects stemming from the public health emergency with respect to the Coronavirus Disease (COVID-19)"; and

WHEREAS,

in response to this economic crisis, the Department of the Treasury ("Treasury Department") is providing such relief to state and local governments to enable them to continue to support the public health response and lay the foundation for a strong and equitable economic recovery; and

### WHEREAS,

the ARPA and its supporting U.S. Treasury guidance provide that the Fund Payment may only be used by the County to finance costs that (a) respond to the COVID-19 public health emergency or its negative economic impacts; (b) respond to workers performing essential work; (c) provide government services to extent of reduction in revenue; and (d) make necessary investments in water, sewer, or broadband infrastructure (collectively, the "Criteria"); and

### WHEREAS.

the Board of Commissioners of the County of Portage, State of Ohio (the "Board") has identified a project which consists of the following: Needed county cyber security upgrades (the "Project"); and

### WHEREAS,

in the judgment of the Board the Project seeks to make necessary investments in water, sewer, or broadband infrastructure under the Criteria, which all determinations as to the eligible use of funds hereunder are at the sole discretion of the Board, pursuant to certain advice it has received from its legal counsel, which is attached hereto as <u>EXHIBIT A</u>; and

### WHEREAS,

so long as the County duly directs its Fund Payment to finance the Project costs in compliance with the Criteria, the County may use the Fund Payment to offset the County's various fiscal effects from COVID-19 during the period beginning March 3, 2021, and ending December 31, 2024 (the "Covered Period"); and

### WHEREAS.

the County received some or all of the Fund Payment directly from the U.S. Treasury, for the receipt of which this Board's adopted Resolution 22-100 on February 8, 2022, suffices to affirm said Fund Payment is to cover only those expenditures consistent with ARPA, including the Criteria, and applicable regulations, and such Fund Payment has been or will be deposited into an appropriate special revenue fund created and maintained by the County; and

### WHEREAS,

the Treasury Department has published an Interim Final Rule and a Final Rule with an effective date of April 1, 2022 (collectively, 31 CFR 35.1 et seq.), its regularly updated Coronavirus State and Local Fiscal Recovery Funds' Frequently Asked Questions, and its Coronavirus State and Local Fiscal Recovery Funds: Overview of the Final Rule (collectively, "Guidance"), further explaining the Criteria and the proper use of the Fund Payment during the Covered Period; and

### WHEREAS,

the County intends to take action and use the Fund Payment as described herein in a manner consistent with the Final Rule released by the Treasury Department on January 6, 2022, as authorized under said Department's Statement Regarding Compliance with the Coronavirus State and Local Fiscal Recovery Funds Interim Final Rule and Final Rule; now therefore be it

**RESOLVED,** The Project is hereby authorized and shall be paid for from the ARPA

Funds in the amount of/an amount not to exceed: \$176, 554.20

**RESOLVED,** That this Board hereby declares the County's COVID-19 Response

expenditures described in this resolution were incurred during the Covered Period under the Criteria and the Guidance; to wit: beginning June 2, 2021

and ending December 31, 2024; and be it further

**RESOLVED.** As time is of the essence, the duly authorized representatives of the

County are directed to take action under this Resolution as soon as

possible; and be it further

**RESOLVED**, that a copy of this resolution be filed with the Department of Budget &

Financial Management and the Grant Administrator; and be it further

**RESOLVED,** that the Board of Commissioners finds and determines that all formal

actions of this Board concerning and relating to the adoption of this resolution were taken in an open meeting of this Board and that all deliberations of this Board that resulted in those formal actions were in meeting open to the public in compliance with the law including Section

121.00 of the Ohio Revised Code.

#### MEMORANDUM

TO:

Allison Diehl, Grant Administrator, Portage County

DATE:

August 9, 2022

RE:

ARPA Use of Funds - Cybersecurity IT Upgrades

#### PROJECT DESCRIPTION:

Can the County use its State and Local Fiscal Recovery funds for the County's Information Technology Services' proposed Cybersecurity Project? A detailed summary of the proposed Cybersecurity Project is attached as <u>Exhibit A</u>.

#### BRICKER RESPONSE:

Eligible under the  $4^{th}$  bucket to make necessary investments in broadband infrastructure. Alternatively, eligible under the  $3^{rd}$  bucket as a provision of government services, to the extent of the County's reduction in revenue.

#### ANALYSIS:

The ARPA Final Rule allows four buckets of eligible use, of which the third and fourth are relevant here: "(A) To respond to the public health emergency or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality; (B) To respond to workers performing essential work during the COVID-19 public health emergency by providing premium pay to eligible workers; (C) For the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency relative to revenues collected in the most recent full fiscal year prior to the emergency; and (D) To make necessary investments in water, sewer, or broadband infrastructure" [emphasis added] (see U.S. Treasury, Final Rule, Supplementary Information, at pages 4-5).

### 4th Bucket Eligibility - Investments in Broadband

The Cybersecurity Project may be undertaken pursuant to the 4<sup>th</sup> bucket of use, to make necessary investments in broadband infrastructure.

Under the 4<sup>th</sup> bucket, "[c]ybersecurity infrastructure investments that are designed to improve the reliability and resiliency of new and existing broadband infrastructure" are eligible uses of ARPA funds (31 CFR 35.6(e)(2)(ii)). "Such investments may include the addition or modernization of network security hardware and software tools designed to strengthen cybersecurity for the end-users of these networks." (*Id.*). To the extent the Cybersecurity Project modernizes and strengthens cybersecurity for the County, it is eligible under the 4<sup>th</sup> bucket.

We note here the federal procurement requirements apply under the Uniform Guidance, described below.

### 3rd Bucket Eligibility - Provision of Government Services

The Cybersecurity Project may be undertaken pursuant to the 3<sup>rd</sup> bucket as a provision of government services to the extent of the County's reduction in revenue.

Recall that the 3<sup>rd</sup> bucket of eligible use does not need to have a direct connection to the County's COVID-19 response. This lack of connection to COVID-19 arises from the U.S. Treasury presuming "any diminution in actual revenue calculated using [Treasury's "standard allowance" or published formula] to have been 'due to' the COVID-19 public health emergency." (U.S. Treasury, FAQs as of July 27, 2022, Item 3.7).

Irrespective of the method of determining lost revenue, there are only a few restrictions on the use of ARPA funds up to such lost revenue amount: the County cannot service debt, replenish its rainy day fund, pay legal settlements not related to government services, or make (extraordinary) deposits to its pension fund(s).

Beyond those stated restrictions, the County has "broad latitude to use funds for the provision of government services" (U.S. Treasury, Final Rule, Supplementary Information, at page 9).

Helpful to this analysis, note the Treasury has specifically described government services to "include… modernization of cybersecurity, including hardware, software, and protection of critical infrastructure" (U.S. Treasury, Final Rule, Supplementary Information, at pages 259-260).

We note here the federal procurement requirements apply under the Uniform Guidance, described below.

#### Federal Procurement Law & Uniform Guidance

The County's purchases under ARPA's must be procured in accordance with both state law and federal law, and the County is required to follow the more restrictive law.

17892312v2

#### A. Sealed Bids

The County may use sealed bids to comply with both state and federal law. Under state law, a County is required to use sealed bidding for most purchases in excess of \$50,000. This is the "default" process and involves the initial procurement of a design professional to create plans and specifications for the improvements on which all the bidders will bid. Then, the County publishes a solicitation of bids and, at the bid deadline, awards the contract to the "lowest responsible" bidder.

### B, Competitive Proposals

In lieu of sealed bids, the Uniform Guidance allows a County to use a competitive proposal process. Generally speaking, though, the County is limited in its use of a proposal process under state law; competitive proposals cannot be used for "construction, design, demolition, alteration, repair, or reconstruction" of capital improvements. However, the County may use a proposal-based process for capital improvement projects by using the construction manager at risk or design-build delivery model.

When a proposal process is used, the Request for Proposals must be publicized and identify all evaluation factors and their relative importance. The County must then award the contract to the firm whose proposal is "most advantageous" — which factors both price and technical ability.

Finally, the Uniform Guidance has a specific provision for selection of design professionals. Federal law provides for a qualifications-based procurement of design professional services, where only qualifications are evaluated, and price is not a factor. This mirrors the state law process for these firms.

#### C. Non-Competitive Procurement

### 1. Express Exceptions

The Uniform Guldance also provides for exceptions to competitive procurement in certain circumstances. For example, competitive procurement is not necessary where the work is only available from one source, or where a "public exigency" or emergency requires a prompt procurement and prohibits the delay of competitive procurement. There are analogous exceptions found under state law and application of these exceptions is a very fact-specific analysis.

### 2. Bidding Threshold

Another instance where competitive selection is not required is where the threshold for competition is not triggered. Under state law, purchases under \$50,000 need not be competitively procured by the County. Under federal law, purchases under \$10,000 are

17892312v2

"micropurchases" and need not be competitively procured. Purchases over \$10,000, but under \$250,000 require the County to obtain multiple price quotations.

### D. Cooperative Purchasing

Finally, the Uniform Guidance also expressly "encourages" non-federal entitles to use cooperative purchasing agreements, provided that the contract used as the basis of the cooperative purchasing program complies with federal law. Use of cooperative purchasing will comply with federal law, so long as the underlying procurement of the "master" contract with the contract itself complied with Uniform Guidance (i.e., the contractor was selected by the cooperative agency, council of governments, or the state using a sealed bidding or public request for proposals process). It is the responsibility of the Township to confirm that the underlying procurement was in compliance with Uniform Guidance.

Care should be taken when using cooperative purchasing. Under state law, the Ohio Attorney General has opined that construction services may not be procured under the general cooperative purchasing statute, R.C. 9.48, but instead must be procured through a council of governments under R.C. 167.081. Additionally, the Ohio Auditor of State has opined that the State Term program, under R.C. 125.04, while compliant with state law, does not comply with federal law.

SUBJECT:

ANNUAL SEWER MAINTENANCE ASSESSMENTS FOR MOGADORE SEWER

DISTRICT NO. 8

DATE:

8-8-2022

### Commissioners:

In accordance with Section 6117.32 ORC, I hereby recommend that the sewer maintenance rate for the above mentioned service area be confirmed and levied in accordance with the following schedule:

Mogadore Sewer District No. 8 - \$0.40 per foot with a \$40.00 minimum assessment for each parcel connection to the sewer system (No Change in Rate) as provided for by Resolution 92-16.

I further recommend that upon approval of these rates, the attached list be certified to the Portage County Auditor for collection by the Portage County Treasurer. Payments will be made to Summit County.

**RESOLUTION NO. 22-0541** 

RE: DENY THE PARTIAL ROAD VACATION OF SUMNER STREET, RAVENNA TOWNSHIP, PORTAGE CO., OHIO

It was moved by Anthony J. Badalamenti, seconded by Vicki A. Kline that the following resolution be adopted:

WHEREAS,

on July 21, 2022, the Board of Commissioners received Resolution No. 21-069 dated June 1, 2021, from the Ravenna Township Trustees, petitioning the Board of Commissioners to vacate a portion of Sumner Street located in Ravenna Township, Portage County; and

WHEREAS,

upon review and analysis of the proposed plat and description by the Portage County Engineer, a concern was noted that one of the adjoining parcels belonging to J.D. Young will be landlocked if the proposed road vacation is granted; and

WHEREAS,

based upon that concern, the County Engineer is recommending the Board deny the road vacation as presented; now, therefore be it

RESOLVED.

that the Board of Commissioners does hereby agree to deny the partial road vacation of Sumner Street, Ravenna Township, Portage County due to the County Engineer's concern that one of the adjoining parcels belonging to J.D. Young will be landlocked if the proposed partial road vacation is granted; and be it further

RESOLVED.

that a certified copy be sent to the surrounding property owners, and the Ravenna Township Trustees; and be it further

RESOLVED.

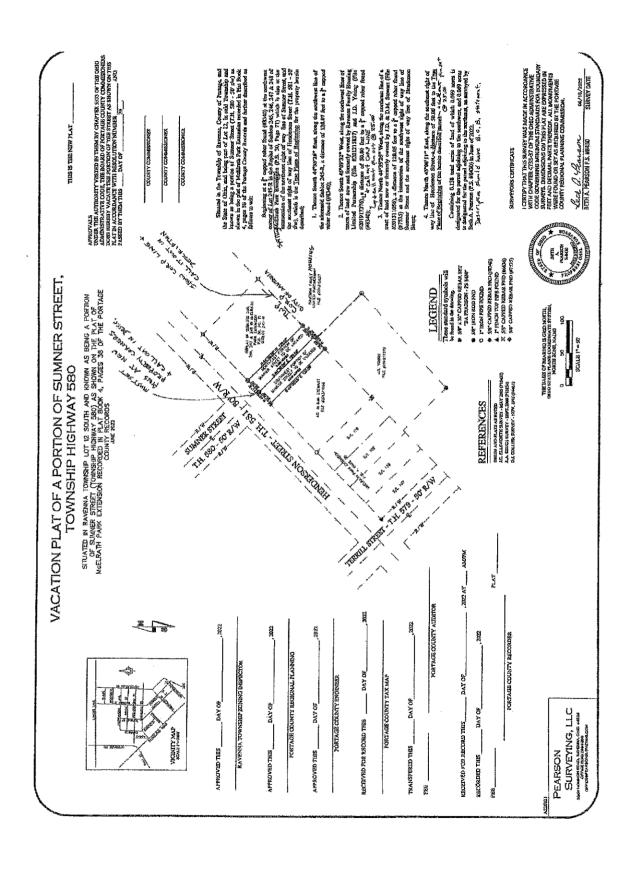

that the Board of Commissioners finds and determines that all formal actions of this Board concerning and relating to the adoption of this resolution were taken in an open meeting of this Board and that all deliberations of this Board that resulted in those formal actions were in meeting open to the public in compliance with the law including Section 121.22 of the Ohio Revised Code.
