

Natural elements artwork

Supplies needed: natural items found in your yard, glue, piece of paper or cardboard for background, markers or colored pencils optional

Project: Create a nature scene with natural items to show your favorite parts of nature. Collect items from your yard, find a piece of paper or cardboard to create your scene, and get to work! Your scene can include inspiration from below or be completely created from your own inspiration. Document your work in short videos or pictures for sharing with Portage Park District for a compilation video.

Share: Send your completed videos and pictures to ametzler@portageparkdistrict.org by **Friday, May 22 at 5pm**. Each piece must include one photo of completed art (include first name and age of artist), to be judged on our FB page the week of May 25.
