RE: Recall Announcement (ODA/ODH) 2018-043a

NutriZone Expands Recall of Various Lots of Multiple Dietary Supplements Because of Possible Salmonella Health Risk

NutriZone, LLC of Houston, Texas is updating an incorrectly reported lot number provided in an earlier press release. Previously, NutriZone indicated the Pain Out Maeng Da lot number was 10957. The correct lot number is 10959. Consumers who have purchased the products should verify the lot number.

The recall of dietary supplements is due to the potential for contamination with *Salmonella*. *Salmonella*, is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems.

Healthy people infected with *Salmonella* should monitor themselves for some or all of the following symptoms: nausea, vomiting, diarrhea or bloody diarrhea, abdominal cramping and fever.

Rarely, *Salmonella* can result in more serious ailments, including arterial infections, endocarditis, arthritis, muscle pain, eye irritation, and urinary tract symptoms. Consumers exhibiting these signs after having contact with this product should contact their healthcare providers.

The dietary supplements are labeled and packaged as follows:

Product Name	Net Quantity (Capsules Per Container)	Packaging	Lot Number
Pain Out Maeng Da	36	Pouch	10959
Pain Out Thai	108	Bottle	10960-D
Pain Out Malay	324	Bottle	10958-I
Nirvanio Green Malay	25	Bottle	10958-C
Nirvanio Special Reserve Kratom Blend	50	Bottle	10796

Attached are images of product labels to aide in identifying product associated with this recall. Lot numbers can be found on the packaging near the Nutrition Facts Panel.

The products were sold in Pennsylvania, Oklahoma, Washington, Missouri, Florida, Mississippi, California and Texas.

No illnesses have been reported to date in connection with this problem.

The potential for contamination was noted after routine sampling and testing by the FDA revealed the presence of *Salmonella*.

Consumers who have purchased the products listed above should discontinue use of the product and may return the unused portion to the place of purchase for a full refund. Consumers with questions may contact NutriZone, LLC at 1-800-936-7936, Monday through Friday, 9am-5pm Central Standard time.
