

2022 Streamside Programs

Experience Your Scenic River

Is your local waterway clean? Explore in the stream with staff from the Ohio Scenic Rivers Program. Learn how we monitor aquatic health and how natural areas next to streams keep water clean and protect wildlife.

RSVP: Rebecca.Donaldson@dnr.ohio.gov Large group? [Schedule a private event.](#)

These are FREE hands-on demonstrations; wear clothing and closed-toe shoes that can get wet. Connect with the river for one event or continue the experience by becoming a volunteer with our Stream Quality Monitoring program.
